PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, MARCH 26, 1918

IN THE SERVICE OF THEIR COUNTRY.

Lieut. Milton Stanley Mianis, of St. Louis, Mo., who is stationed at Camp Zachary Taylor, was the weekend guest of his cousin, Mrs. Rudolph Davis, and Mr. Davis, at their home on East Seventh street.

Mr. Wm. A. Lenihan, of Paris, who is a member of the infantry division at Camp Sheridan, Montgomery, Alabama, is a guest of his mother and sister, in this city.

Mr. Flournoy Hagan, son of Mr. and Mrs. W. K. Hagan, of North Middletown, has enlisted in the U. S. Army. Mr. Hagan has been assigned to the 33d Engineering Corps, stationed at Camp Devens, near Ayers, Mass.

Landrum Payne, son of Postmaster J. Walter Payne, of Paris, who has been in the service at Camp Zachary Taylor, has been advanced to a position in the officers' reserve corps in training there. Mr. Payne will take service in the aviation corps.

Richard ("Tal") Clarke, of Paris, son of Mrs. Kate Clark, who has been on duty in the Philippine service for two years, has received a promotion to the rank of Major. Major Clark, before being assigned to the Philippine service, was stationed in an army camp in California, and later on the Texan-Mexican border as a member of the dental surgeons' staff.

Cornelius ("Buddy") James, of Paris, who has made several round trips to France on troop transport, wired his mother, Mrs. Mollie James, Friday night that he had arrived at New York for a short furlough. He is a member of the gun crew on the U. S. Transport Covington. His furlough being limited to Tuesday will not permit him to visit Paris.

Private Leavitt Roberts, who has been a guest of his parents at North Middletown, returned to Camp Zachary Taylor, Saturday. Private Wm. Boardman, of the same vicinity, who has been a guest of relatives at his old home, has returned to Ft. Thomas. Private Boardman had been in quarantine at Ft. Thomas for several months, this being his first visit home.

Mr. Ben Leach, formerly an attache of THE NEWS and the Kentuckian-Citizen arrived Saturday on a furlough to visit relatives and friends. He is a member of the mechanical department in the Public Works branch of the service at Camp Dewey, Great Lakes, Ill. He has gained twenty pounds since beginning training in the camp. All the Bourbon county boys are doing well in the service there, and are well contented. About 30,000 men are in training at the camp.

Teddy Tempin, son of Mr. and Mrs. T. T. Tempin, of Paris, who recently enlisted in the Navy, has gone to Newport, R. I., where he was instructed to report for duty at the Naval Training Station.

Mr. and Mrs. Chas. H. Buchanan have received a letter from their son, Mr. Clarence Buchanan, at Camp Shelby, Hattiesburg, stating that he had been acquitted of the charge of desertion from the army. Buchanan is a member of Co. B, 149th Infantry. He was arrested here in December, 1917, with a comrade, King Culbertson, also of Paris, on a desertion charge and taken to Ft. Thomas, near Newport, where they remained nearly three months. Buchanan was stenographer for Co. B, and he and Culbertson concluded to pay a Christmas visit to their parents in Paris. Their exoneration was complete in every respect, including a restoration of rank and privileges.

WHAT WILL YOU DO?

Our boys in khaki are getting up every morning early for you. Would you be willing to get up early every morning for one week for them? Services are being held every morning this week by the Epworth League of the Methodist church. This week is being observed by world-wide young Methodism as "Fellowship Week," at which time prayers are made for the boys at the front and in the cantonments. These services are being held promptly at six a. m. and end at six forty-five a. m. in the Mens' Bible Class room of the church. The services Monday morning were conducted by Mrs. James Grinell, Jr., with thirteen Epworthians present.

Following is a schedule of leaders for the week:

Tuesday—Mrs. Howard B. Carr.
Wednesday—Miss Ina Mattox.
Thursday—Miss Gladys Snapp.
Friday—Mr. W. O. Fuller.

Saturday—Miss Dorothy Tingle.
Sunday—Mr. Dennis V. Snapp.

The Sunday morning service, Easter Sunday, will be observed as the annual sunrise meeting of the Paris League.

The public is extended a cordial invitation to attend all these services.

THINGS TO WORRY ABOUT

The fact that the Lexington Herald has "come out" for Senator Thomas A. Combs, of Lexington, as a possible successor to Governor A. O. Stanley, is enough to forever blast any hopes that excellent statesman might entertain of annexing the gubernatorial chair.

AUTHENTIC WAR BULLETINS.

THE NEWS presents the following authentic war bulletins, gathered at the hour of going to press last night, from reliable sources:

(From Western Newspaper Union)

"CINCINNATI, OHIO.

To THE BOURBON NEWS:

"British drive enemy back across Somme. Strong German attacks early Monday north of Bapaume do not pass British barrage. Germans advance at some points. British and French counter-attacking between Nesle and Ham. American engineers are in thickest of fight, and doing excellent work. French assisting British. Shells from long range guns still falling in Paris, but do little damage. Experts skeptical about gun seventy-six miles away. Matter still a mystery. President Wilson wires congratulations to Gen. Haig on holding lines, expressing confidence of the American people."

A message to Mr. Edward Simms from his New York representative, Mr. Derivis, yesterday stated that all the news that had been received in New York up to a late hour was very favorable to the Allies, and that stocks were mounting upward as a result of the encouraging news. It was the opinion that the British retreat was a strategic move, and that the Germans had been caught in a trap set for them.

ANOTHER SPEEDER FINED.

Another "speedomaniac" came to grief in the Paris police court when a fine of \$22.50 was assessed against him recently.

J. B. Kenton, a Bourbon county farmer, had evidently not seen or heard of the warning issued regarding exceeding the speed limits in Paris. He was busily engaged in throwing dust in the faces of the slowly-moving pedestrians on Main street, but, unfortunately for him, Mayor January happened to be one of them. The Mayor caught the machine number as it whizzed through space at a merry clip, and telephoned the office of the Commissioner of Motor Vehicles at Frankfort, securing the name and address of the owner.

Kenton was placed under arrest by Patrolman Lusk on a warrant sworn out by Mayor January.

At the trial before Police Judge Martin he was given a fine of \$22.50 to remind him there was such a thing as safety in going a little bit slow.

There is more than ever a determination on the part of the city officials to break up the foolish and unnecessary speeding of autos on the streets of Paris, and every citizen would gladly help their efforts. Call the next case!

VALUABLE PROPERTY AT AUCTION ON SATURDAY, APRIL 6.

Beginning at 1:30 p. m., on Saturday, April 6, Harris & Speakes will sell for James McClure 15 pieces of valuable city property. Some fine business property, a number of beautiful cottages and a number of desirable building lots go in this sale. If you need a home or want investment property this is your opportunity.

PEACE DISTURBERS ARRESTED.

Thirteen proved an unlucky number Sunday night for thirteen colored men and women, who were arrested in Claysville by Patrolmen Judy and Hill and jailed. They had been engaged in a private "Jungle dance" and feast in the classic precinct of Claysville until their action and noise impelled some one to send in a riot alarm. The officers responded in the auto patrol and coralled the bunch.

In Police Court yesterday George Newton, Bertie Howard, George Kellis, Hattie Belle Howe, Harry Thomas, Dennis Allen, John Kellis, Jesse Robinson, Roy Baker, John Minor, Kitty Gribble, Lou Hampton and Ella Smith were presented fines of \$5.50 and costs each on a charge of disorderly conduct. Jeff Bishop, while not a member of the "Jungle party" was present and intoxicated. He was also given a fine of \$7.50 and costs.

FIRE STEAMER TESTED OUT

The steam fire engine, which is a part of the local fire department's equipment, was given a thorough testing Saturday morning, and proved ready for use again. The steamer had been in need of repairs of a minor nature, and these were completed last week.

Pumping direct from a hydrant the steamer threw an 1½ inch stream to a good height, giving reasonable assurance of its reliability in the future in case of a big fire in the business district.

ASSESSMENT 59 COUNTIES INCREASED NEAR \$43,000,000

The State Tax Commission has placed a net increase of \$42,719,926 on the assessment of 59 counties of the State. Four counties, Clark, Davies, Harrison and Warren, got reductions in the assessments at the hands of the Commission. No specific increase was made on Spencer, Gallatin, Union, Clay, Boone, Campbell, Kenton, Johnson, Lyon and Fulton counties, the Commission ordering the County Board of Supervisors to make a general equalization in these counties.

FARMERS' MEETING DISCUSSES NOTED ORATORS TO SPEAK HERE SEED CORN SITUATION.

A large gathering of farmers and others interested in agricultural work held at the court house, Saturday afternoon, was addressed by Mr. Lewis R. Robbins, County Agricultural Demonstrator for Fayette and Bourbon counties. The meeting had been called at the suggestion of Mr. Robbins, who discussed with the farmers the serious question of seed corn.

Mr. Robbins, who came here under direction of the Agricultural Experiment Station of the Kentucky University, told his hearers of the real danger that threatened the 1918 corn crop because of a lack of seed that would grow. He stated that just in the proportion the seed would not germinate, just in that proportion would the yield be cut down. Mr. Robbins brought the cheerful tidings to the farmers that corn had been found in Western Kentucky that would grow and urged them to send in their orders at once for whatever was wanted as the supply was limited.

The speakers will be here in the interest of the League to Enforce Peace. The people of the county will have the assurance that they will listen to two splendid addresses, as no men of greater oratorical powers will ever visit this community. They are men who know their subjects thoroughly, and know how to present them in a most convincing and easily understood way.

Mr. Powell, who has been on the firing lines in the beleaguered countries of Europe for several months, will tell you of the shameful deeds of the Huns, who murdered innocent women, children and old men and laughed at their death agonies. He will tell of their shameful crimes against the young women of France and the practices of the Germans among their own women since the war began, in which secondary marriages are encouraged, with the possibility of polygamy after the war. What the fate of the world will be if the Germans win.

Dr. Powell, however, will tell you very frankly that Germany will not win the war, insisting that Germany will be beaten because it cannot withstand the Allies when they once get into the conflict in earnest.

LABORER DIES SUDDENLY

John Robinson, colored, aged seventy, a laborer in the city quarry, came to his work as usual yesterday morning, and after working a short time, fell over unconscious. Physicians were called, but the vital spark had fled before they reached him. Coroner Davis was called, after an investigation, decided that the man's death was due to heart trouble. The body was removed to his home on Williams street. Coroner Davis deemed an inquest unnecessary.

ALLEGED BOOTLEGGER HELD OVER.

Henry Anderson, colored, charged with unlawfully having in his possession liquor in local option territory was held to the grand jury by Judge Garrison, who stated he was given a 90 per cent germination test, and the purchasers will be given several varieties to pick from—Reed's Yellow Dent, Tennessee Red Cob or Boone County White.

It has been estimated that there is at present only about one thousand bushels of seed corn in this county, and that, at the lowest estimate, nine thousand bushels are required to plant the normal crop each year in the county, so the importance of securing a sufficient quantity of good seed corn is very apparent. Every farmer in the county is urged to attend the meeting to be held at the court house Thursday.

SEED CORN FOR SALE.

We have about 500 bushels of White Seed Corn from Virginia, on which we have preliminary tests of 97 per cent. We will book orders subject to final germination test being satisfactory, at \$5.00 per bushel, and for delivery when it arrives.

NOTICE TO CONSUMERS.

To Our Electrical Consumers:—On account of the high cost of everything at this time, we are forced to ask our patrons who use electric current to share with us a part of the great war burden.

On April 1st we will reduce discounts from 1c per K. W. H. to ½c per K. W. H. and readjust the rate schedule for electric lighting as to the quantity used, but we will not raise the unit price per Kilowatt in any case. These advances will be so slight that we feel assured that our patrons will cheerfully aid us in tide over the period of high costs incident to the war and until normal conditions are again restored.

Elsewhere in to-day's paper will be found a copy of the new rate schedules which will be applied on April bills.

Assuring you of our regret that this has become necessary to prevent losses that would impair service and threaten the existence of the Company, we remain as ever—"always ready to serve."

Yours truly,
C. L. STEENBERGEN,
Manager Paris Gas & Electric Co.
(26-2t)

DO YOUR OWN SETTING

On Sunday morning, March 31, at two o'clock, under the operation of the daylight saving law, recently enacted by Congress, the clocks of the country will be moved up one hour.

When you retire the night before, merely push up the hands of your watch or clock one hour. The rest will take care of itself. You will rise one hour earlier, but you will be preceptively affected. You save one hour and will be that much better off, and will hardly know how it all happened. It will necessarily cause a little confusion at first, but we Americans have a happy habit of easily adapting ourselves to any circumstance.

RED CROSS BAZAAR.

A Red Cross Bazaar and Auction, to be held in this city on Saturday of this week, is being promoted by Misses Carolyn Roseberry and Elizabeth Crutcher. Donations for the auction and bazaar are being solicited by Mrs. Katherine Davis Craig and Miss Belle Horton. The promoters would highly appreciate articles of value, besides edibles, for the sale. Call Miss Roseberry over Cumberland phone 526, and the donations will be called for.

A short time ago, THE NEWS printed a story from the St. Petersburg, Fla., Daily Times, telling of the wonderful prowess and skill displayed by Mr. Jos. W. Davis, of Paris, in landing a number of big fish. Now comes a copy of the Ft. Myers, Fla., Daily Press, in which appears an account of a two-hours' battle by Dr. M. H. Dailey, of Paris, for the victory over a huge tarpon, he had hooked in the Caloosahatchee River. In the struggle Dr. Dailey's tarpon rod was broken, but he held on bravely to what remained, and struggled with the big fish for the mastery. The Doctor's scientific handling of the fish finally landed him on a sand bar, three miles below where he had hooked the tarpon, which the old fishermen in the vicinity of Ft. Myers unanimously voted one of the finest specimens they had seen for many years.

Dr. Dailey was greatly elated over his big catch, and unbosomed himself to the newspaper men in this wise:

"It has been the dream of my life to catch a big tarpon, and I certainly feel amply repaid for my several winters spent in and around Ft. Myers. This was the greatest sport I have ever enjoyed, I am surely coming back to Ft. Myers again next winter—then, look out, fish."

CONVICTED FOR SELLING WKIS KEY ILLEGALLY.

John Clay, colored, was placed under arrest Saturday night by Patrolmen Judy and Hill on a charge of

having whiskey in his possession for the purpose of sale in local option territory.

When arrested Clay had just stepped from an interurban car.

A search of his person revealed a generous quantity of liquor concealed about him. Two large revolvers

were also found on him.

Clay was brought before County Judge George Batterton and convicted yesterday on six charges of illegal possession of whiskey. He was also prosecuted on a charge of carrying concealed deadly weapons, being held to the grand jury on that charge.

Conviction on the other charges carried jail sentences and stiff fines, which will keep Clay in jail several months.

HAS NARROW ESCAPE.

Mr. T. M. Johnson, of North Middletown, had a narrow escape near Lexington, Sunday night, when his auto became stalled on the interurban track. Mr. Harry S. Stout, who was passing, quickly reached telephone, and called up the train dispatcher's office of the Kentucky Traction & Terminal Co., in Lexington, apprising them of Mr. Johnson's plight.

Cars were held up on the Paris-Lexington line until after the wrecking crew could move the machine from the track. The auto had jumped across the track when its driver lost control, and was somewhat damaged.

Neither Mr. Johnson, who was driving the car, nor the other occupants, two men, were injured.

DR. DAILEY ECLIPSES J. W. DAVIS' FISHING RECORD.

Seems as if there must be some rivalry among the Paris anglers who have been spending the winter in the famous fishing resorts of the sunny South during the winter. And they are all making good records, too, judging by the reports sent back from time to time.

A short time ago, THE NEWS printed a story from the St. Petersburg, Fla., Daily Times, telling of the wonderful prowess and skill displayed by Mr. Jos. W. Davis, of Paris, in landing a number of big fish. Now comes a copy of the Ft.

Daylight Saving.

There is not one person in any thousand who has not wished at some time or other that mankind awoke itself earlier enough to enjoy the morning daylight through which we sleep. A single individual can regulate his own time of rising, but daily life is so dependent upon other human beings that the earlier riser usually has to wait for others to wake up.

For this reason the voluntary effort of single individuals cannot effect any material daylight saving. If all clocks of the nation, however, were pushed up one, two or three hours on a certain day the early riser would find everybody up the next morning with him. Pushing up clocks will not save daylight, but it will lead everybody to act together, and daylight will be gained through cooperation.

This is no new idea. England, France, Germany, Austria, Italy, Portugal, Holland, Norway, Denmark, Sweden and other countries have used it successfully. English power companies estimate a saving of 20 per cent. in fuel for lighting purposes. France saved \$6,000,000 in 1916. Germany duplicates England's saving and the United States can do the same.

Besides saving fuel the new order will give all of us several hours of daylight for recreation instead of dark night. This will render outdoor exercise, garden cultivating and open air recreation easier, health will be thus improved and the cool hours of the morning will replace the hot summer afternoons in our working time.

To Our Merchants.

You may have the best stock of goods you have ever carried, your sales force may be efficient and well organized, you may sell at the lowest prices, but all this gets you nothing if the people don't know it.

Now, there are many ways of spreading this information. Possibly the most effective way would be to go to each prospect and tell him "confidentially." Maybe the next best way would be a personal letter sent with a 3-cent stamp. Another way would be to print a carefully worded circular and mail to individuals with a 2-cent stamp. But all these have their disadvantages. The first would take you many months, and the expense would eat you up. To reach seven or eight thousand people in either of the other two ways would run you into money.

Unquestionably the best way to reach the largest number of people at the least expense is to advertise in THE BOURBON NEWS. Our prices for the same service are as low as any others within our knowledge, and are calculated not only on cost of production, but on value of service rendered.

The Great Duty.

As we go about our daily tasks in peace and safety men are dying every minute on the battlefields of Europe to save civilization. Our own gallant soldiers are shedding their blood in France and our sailors engulfed in the waters of the Atlantic as they go in defense of America's rights and honor.

Upon our performance of the work committed to us depend the lives of

thousands of men and women, the fate of many nations, the preservation of civilization and humanity itself; and the more efficient and prompt we people of America are in doing our part, the more quickly will this war come to an end and the greater the number of our soldiers and sailors who will be saved from death and suffering and the greater the number of people of other nations released from bondage and saved from death.

To work, to save, to economize, to give financial support to the Government is a duty of the Nation and to the world and it is especially a duty to our fighting men who on land and sea are offering their lives for their country and their countrymen.

Wanton Timber Destruction.

Thirty years ago Bourbon county had thousands of as beautiful walnut trees as ever grew on the face of the earth. They were ruthlessly cut down, split into fence posts and rails and sawed into lumber which was used for all kinds of building purposes.

Many of these trees to-day would sell for \$100. The same line of policy is now being pursued with many other kinds of timber all over the United States. Pine trees are being laid waste by the million.

The southern turpentine manufacturer is yearly destroying thousands of beautiful pine trees for the sake of a gallon of turpentine from each, that in a few years would be worth many dollars, and so it is with other kinds of timber.

The land upon which much of this timber is growing is of little value for anything else. There are many trees that if left alone for the next few years would bring large prices.

It would be well to think of these things before ruthlessly chopping down. The line of the poet would be applicable: "Woodman, spare that tree."

Forget Rotten Yesterdays.

Finish every day and be done with it. For manners and for wise living it is a vice to remember. You have done what you could; some blunders and absurdities no doubt crept in; forget them as soon as you can.

Tomorrow is a new day; you shall begin well and serenely and with too high a spirit to be cumbered with your old nonsense. This day for all that is good and fair. It is too dear with all its hopes and invitations to waste a moment on the rotten yesterdays.

We Say So, Yes!

We are the people and are growing gradually and sure. We have a good town to tie to. We are in excellent shape to-day and have been during the panic times, more so than any other town of its size in the State.

There are no flies on our town and though we all kick and grumble now and then, we have just about the best, the most prosperous city of homes in this grand old commonwealth. Now, own up—haven't we?

Germany had quite a policy of "no annexations and indemnities" with the Russians.

The good old summer time—but she won't be with us long.

NO INDIGESTION, GAS OR STOMACH MISERY IN FIVE MINUTES

"Pape's Diapepsin" For Sour, Acid Stomach, Heartburn, Dyspepsia

Time it! In five minutes your sour, acid stomach feels fine. No indigestion, heartburn, or belching of gas, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in sweetening upset stomachs.

It is the surest, quickest and most certain stomach antacid in the whole world, and besides, it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from such misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and enjoy it, without dread of acid fermentation in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement due to fermentation and acidity, at daytime or during the night, it is handy to give the quickest, surest relief known.

READ THIS CAREFULLY!

Give more time and attention to the garden.

And produce a better quality of vegetables.

Rely on good seeds, good soil and good care.

Devote some time each day to care of the garden.

Every farmer's table should be supplied from his own home garden.

Now is the time to plant your garden.

Never before in the history of the United States has it been so absolutely necessary for the people to make an effort to raise enough garden stuff to supply their families with fresh vegetables during the entire year. Since this condition exists, it behoves the people of the State of Kentucky not only to produce enough vegetables to supply themselves, but to have some to put on the market to supply our neighbors.

THIS WOMAN IS BACK AT WORK

Says Rheumatism Is All Gone Since Giving Tanlac Radium Treatment Trial.

Mrs. John Shoup, 2118 Gilbert avenue, Walnut Hills, Cincinnati, had to quit her position as waitress at the Ladies' Exchange on Fourth street some time ago because of rheumatism. She tried Tanlac Rheumatism treatment recently and is now so much improved that she is back at work again.

"I know that it is a grave thing for a person to publicly recommend a medicine and that it shouldn't be done unless the merit of the medicine has been absolutely proven," Mrs. Shoup said. "Tanlac Rheumatism treatment relieved me of about as bad a case of rheumatism as anybody could have and that is why I am hesitatingly recommending it."

"My rheumatism finally got so bad that I had to give up my position and stay at home. The aches and twinges in my arms were so bad that I couldn't raise my hands above my head and I had a dull, achy feeling in my back. The pains kept me awake at night."

"It wasn't long after I'd started taking Tanlac Rheumatism treatment until I could see that the pains were leaving. I'm not bothered at all with pains and twinges now and I'm up and around again. I'm back at my work now."

"Tanlac Rheumatism treatment and Tanlac, in my opinion, are two mighty fine preparations and worthy of all the praise that I can give them."

If you suffer from rheumatism get Tanlac Rheumatism treatment today! You can get Tanlac Rheumatism treatment at Varden & Son's.

DISTANCE DWARFS THE FRAY

Has it ever occurred to you what might happen were the Flanders front defense to crack beneath the pressure of the promised German drive? What would become of the Allied forces there now? What would be the fate of our army?

And where the next front line trenches might ultimately be?

It is possible that even were the worst to come and the Germans were to break through they might still be held and the allied forces saved from annihilation and capture. And so long as the combined allied fleets controlled the seas Germany would be powerless to attack our shores.

But if the Germans break through on the western front they are almost certain to risk everything in a naval way upon a last clash with England's fleet. And should they by any chance be victorious the next move would be against America direct. Victory like this would make them madmen in truth.

Distance dwarfs the fray over there for America. It is incomprehensible in all its ruthless horror and suffering so far away. We do not mentally grasp its magnitude. Much less can we visualize it, however much we read. No man has yet adequately described it.

But we all know that we have no desire for a German front along the Alleghenies. We want no invading German hordes upon American soil. We want this war to be fought in Europe.

And America must do its bit to the utmost, both in men and money.

It is up to us stay-at-homes to furnish the money.

To buy Liberty Bonds.

FORGOT WHAT HE NEEDED.

From the Republican, Mt. Gilead, Ohio: The editor had an interesting experience some time ago, when a young gentleman came to his office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: "Now I know!"

"What is it you are looking for?" we inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerk named over everything on the shelf except 'Chamberlain's'. I'll try again, and I'll never go home without Chamberlain's Cough Remedy."

The Republican would suggest to the proprietors of drug stores that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted to say nothing of the injustice to the makers of good goods and the disappointment of customers.

Some Paris Kidney Sufferers Get Little Rest or Comfort.

There is little sleep, little rest, little peace for many a sufferer from kidney trouble. Life is one continual round of pain. You can't rest at night when there's kidney backache. You suffer twinges and "stabs" of pain, annoying urinary disorders, lameness and nervousness. You can't be comfortable at work with darting pains and blinding dizzy spells. Neglect these ailments and serious troubles may follow. Begin using Doan's Kidney Pills at the first sign of disorder. Thousands have testified to their merit.

Proof of merit in Paris testimony. Phillip M. Heller, prop., meat market, Main Street, says: "I have used Doan's Kidney Pills a few times in the past and have been greatly benefited. At times my back was weak and lame and the kidney secretions passed too frequently, making me get up often at night. I have used a box of Doan's Kidney Pills at those times and they have always rid me of the complaint. I think they are a splendid medicine and gladly recommend them."

TO SAVE SOLDIERS' KIN FROM FOOD DEPARTMENT MAY MAKE MORE RESTRICTIONS

Deception and fraud have been practiced on the beneficiaries of American soldiers killed in the war with Germany, Representative Field, of the Ninth Kentucky district, a member of the House Military Committee, said, after he had introduced a bill designed to put an end to the alleged practices. The measure limits the fee of agents or attorneys to \$25 and imposes heavy penalties on persons collecting more.

"Claim agencies already are organized throughout the country," said Representative Fields, "and as fast as casualties lists are published, these agents or their representatives hurry to the beneficiaries with the statement that it is extremely difficult to collect the soldiers' insurance without the aid of special counsel."

"By such methods they frighten the beneficiaries into employing them at an enormous figure. Some claims are being purchased at a mere pittance through the same methods."

"Services of a special agent or attorney is not necessary in collecting war risk insurance, except in some unusual cases where the claimant may encounter difficulty in establishing his identity. A law should be enacted to inflict upon deceivers the punishment they deserve."

WHAT HAS BEEN DONE IN WAR STAMP CAMPAIGN.

1. Every postoffice has been supplied with thrift cards, savings stamps and certificates, and has distributed or should have distributed, advertising matter and literature regarding them to every patron of every postoffice, whether receiving his mail at the postoffice or through rural carriers.

2. Every rural carrier has or should have a supply of thrift stamps and savings stamps with him on his route each day.

3. Every bank and trust company has received blank from the Treasury Department on which to apply for an authorized agency. Most banks have already applied. All of them should.

4. Every teacher in the rural school and every superintendent of a graded school has received literature from the State Superintendent and direct from the State headquarters with a view to stimulating the sale and increasing the knowledge of the stamps through the schools.

It is for members of the County Campaign Committee to co-ordinate this work, to co-operate with every one who is already promoting the sale of these stamps, and to open up every possible new avenue of distribution—in short, to do everything possible to increase the sale of the thrift stamps and savings stamps in your community.

FLOATING TURRET IS FORT FOR HARBOR DEFENSE.

A unique contrivance for harbor and coast protection is described as a submersible, torpedo-discharging turret, in an illustrated article in the April Popular Mechanics Magazine. It may be raised to the surface of the water or sunk to a safe depth below it, as the occasion requires. Obviously there is no propulsion mechanism, for the device would be towed, when moved, and then anchored. The floating turret is circular in form and mounted on a supporting framework to which the anchor lines are attached. Such an arrangement permits it to be rotated about its vertical axis so that its torpedoes may be launched in any direction. Cheapness of construction, as compared with submarines and other war vessels, and its safety to friendly shipping, contrasted with mine fields, are the chief advantages cited.

HIS IDEA OF OUR LANGUAGE IS "TO HELL WITH THE KAISER"

"To hell with the Kaiser." Thus Teres Corles, Italian, greeted Chairman Gregory Hatcher, of local exemption board No. 1, when he made signs that he wanted to be drafted into the American army at Dallas, Texas.

"You can't go to the war because your eyes are poor," Hatcher explained.

Then, through an interpreter, it was learned that Theres knew but five words in English. They are:

"To hell with the Kaiser."

REDFERN CORSETS

'The Ne Plus Ultra of Corsetry'

The Hon. Mrs. Grahame was a famous beauty of her time, and was considered one of the most beautifully dressed women—so beautiful that Gainesborough required no accessory in his painting.

The proportions of her figure so carefully taken denote that she could have worn this model.

Nature gave her a low bust, and this little model would have held the bust and cunningly indented the waist with that very straight front and back line so much the vogue.

This beautiful model is made of fine batiste. It exquisitely completes the lingerie of the well dressed woman.

beginning at 11 o'clock sharp, three desirable small farms, containing from four to five acres each. These small farms or home sites are situated on the South side of the Clintonville pike, having a frontage on said pike of 210 feet.

The land is in a high state of cultivation, being excellent soil for the cultivation of hemp, truck gardens, tobacco, etc. Each tract is an ideal one for a home site, and investors can feel assured of adequate returns on their money invested here.

These tracts are located in a neighborhood built up with substantial homes, and all occupied by good neighbors.

Natural gas is easily obtainable from these tracts, the main gas line passing directly in front of the land.

There was a splendid response to the call for refugee garments and the chapter appreciates this generous cooperation. Keep this in mind—there may be another and even more urgent call.

Dean Mary E. Sweeney, of the College of Home Economic, Lexington, and one of Mr. Hoover's most efficient assistant Food Administrators in Kentucky, visited North Middletown, Paris and Millersburg last week, and spoke to the housewives in the interest of food conservation.

Her practical talks were principally along the line of wheat raising, and the speaker showed conclusively by argument and demonstration the possibility and the necessity of conserving our supply of wheat flour by combining it with substitutes in the making of bread and cake, in order that our soldiers and the Allies may be fed.

Miss Sweeney made the startling statement that notwithstanding the earnest appeals which have been made to the housewives of America, the consumption of wheat up to the first of February had been normal, the women not seeming to realize the gravity of the situation or not being patriotic enough to respond to the urgent requests of the Government in observing the rules of the food administration.

"The women of America, not Mr. Hoover," declared Miss Sweeney, "are the real food directors, and in the hands of the housekeepers of the land rests the fate of democracy."

Only about twenty per cent of the women are observing the food regulations, and unless they are more strictly followed, the people will be put on bread rations, was the prophecy of the speaker, and in three days the prophecy was fulfilled, for the National Food Administrator has announced that no person is to be allowed more than 1 1/2 pounds of wheat flour per week.

If the women had not failed in their duty, this strict ruling would not have been necessary.

Go back to the simple life, be contented with simple food, simple pleasures, simple clothes. Work hard, pray hard, play hard. Work, eat, recreate, sleep. Do it all courageously. We have a victory to win—Hoover.

Mr. S. M. Heller, General Manager of the Central Home Telephone & Telegraph Company, Louisville, Kentucky, was a recent visitor to Paris and Cynthiana.

Mr. W. M. Paine, Assistant Superintendent, and well known in Paris, has joined the Signal Corps, and is now stationed at Camp Zachary Taylor. Mr. J. J. Lynch, well-known at Paris, and now manager at Maysville, succeeds Mr. Paine as Assistant Superintendent. Mr. B. Y. Chambers, well-known at Paris, and who has been located at Paducah for several years, succeeds Mr. Lynch as Manager at Maysville. Mr. E. M. Veatch, who has many friends at Paris and who is a brother of District Manager, J. J. Veatch, succeeds Mr. B. Y. Chambers as District Manager at Paducah.

Miss Irene Lenihan has resigned her position as cashier, on account of her folks moving to Lexington. Miss Lenihan will be succeeded by Miss Bertie M. Owens, who for several years has been bookkeeper for the Gainsboro Telephone Company, of Somerset, Kentucky. We extend to Miss Owens cordial welcome to our midst.

Mrs. E. C. Burglin, for several years Chief Operator, returns to Paris, April 1st, and resumes her old position. We most cordially welcome Mr. and Mrs. Burglin back to Paris, where they both have a host of friends. Mr. Burglin has also accepted a position in the plant and equipment department.

Mrs. Allen Williams, of Cynthiana Telephone Company is spending a few days in Paris, assisting in auditing books.

This year has been a record breaker on subscribers moving from one location to another and with a few exceptions we believe all moves are about straightened out. It not, call Manager Cannon's attention to same.

MRS. GRINNELL RESTORED TO SOUND HEALTH AND MIND.

The many friends and acquaintances of Mrs. J. W. Grinnell will be pleased to learn of her complete recovery. Her husband wishes to make the following statement to the general public:

"Those who knew my wife twenty years ago will again find her to be the same amiable and respecting person that she was at that time, and for the benefit of those who did not know her until recently I shall state her case. Eighteen years ago last September she had a severe attack of typhoid fever, which lasted for forty-eight days. Upon recovery from this she partially regained her health, but began to gradually lose her mind. The following April the best of medical doctors available pronounced her incurable and she was adjudged insane and sent to the Asylum at Lexington, Ky., where she remained almost continuously for sixteen years. In the spring of 1915 she was brought home, and as circumstances were more favorable then for keeping her at home than heretofore, we decided to do so, though she required constant attention. Believing there was nothing that could be done to benefit her condition, we did not consult the doctors any more, until some one recommended we try Chiropractic. All that was told me about the science seemed so plausible that I immediately began to investigate further and soon became sufficiently interested that I decided to give it a trial. and on January 25, 1918, I took my wife to the local Chiropractor, Dr. S. F. Mohney, whose office is in the Masonic Temple. Since that date she has been taking the adjustment regularly, and to-day I consider her as well physically and mentally as she ever was. We again welcome you all to call at any time.

J. W. GRINNELL."

"NOTHING BUT THE TRUTH."

"Nothing But The Truth" is announced for presentation at the Paris Grand Opera House next Thursday, March 28, under the immediate direction of G. M. Anderson, (Bronco Billy) and L. Lawrence Weber. This is the farce that attracted capacity houses at the Longacre Theatre 490 times, and sent each one of those audiences away still laughing. The play, which is by James Montgomery, is based upon the unique idea of the central figure of the story confining his speech to nothing but the truth. Just a little idea, but see this farce and you will see how vast it was in possibilities as a laugh maker when carried out. Enough then of the play. We are assured it is away and beyond just amusing. Of the players we are promised all that could be desired in artistic ability, as each one has been carefully selected with intimate object of making this the aggregation of farceurs de luxe.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy,
Wavy and Beautiful
At Once.

Immediate?—Yes! Certain?—that is the the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents.

PUBLIC AND HIGH SCHOOLS TO OBSERVE "TEMPERANCE DAY."

The Legislature has passed this bill:

"1.—That there be one day in each scholastic year of the public and high schools of the State of Kentucky to be known as Temperance Day and that the fourth Friday in October of each year is hereby designated as Temperance Day. This day shall be observed as such in each public and high school of the State, or if preferred in each sub-division thereof.

"2.—The State Superintendent of Public Instruction shall have prepared and furnished to teachers in the public and high schools placards printed in large type which shall set forth in attractive style statistics, epigrams, mottoes and up-to-date scientific truths showing the evils of intemperance and especially from the use of alcoholic and intoxicating beverages of all kinds and from cigarettes.

"3.—It shall be the duty of every teacher in the State paid entirely or in part by the State to keep posted in a conspicuous place in the school room occupied by said teacher, one of the said placards."

The States that have this law now are Kansas, Oregon, Alabama, North Dakota, Tennessee, Missouri, New Mexico, South Dakota, South Carolina and Kentucky.

MEN WANTED FOR U. S. NAVAL RESERVE.

Lieutenant J. H. Teach, in charge of the Kentucky Recruiting District, with offices at Louisville, Lexington, Covington, Ashland, Owensboro and Paducah, has received orders to enroll as many men as possible in the U. S. Naval Reserve Force. Thirty were sent away immediately for an Eastern Training Station, but most men enrolled in the near future to await a call to active duty. About four hundred men waiting for call in Kentucky will leave on April 1st for training in the East.

For several weeks enlistments from the whole State of Kentucky were limited to 25 per week, due to the authorized complement of the Navy being filled. Another increase has been made. When that order was received, over 100 enlistments were being made daily from Kentucky alone.

Lieutenant Teach states that men going in the Naval Reserve for general service have practically the same duty and status as the men of the Regular Navy. One advantage for the Reserve being that when a man returns home after the war, a portion of his pay goes on and is sent to him by Government check, for a period not to exceed four years after enrollment. The age for enlistment is 18 to 35. Men under 30 must either produce a release from draft board or a birth certificate signed by parent or guardian and witnessed by a postmaster, minister, merchant or recruiting agent.

LONG DISTANCE TORPEDO STUD- IED BY SIGNAL CORPS.

Development of an aerial torpedo which its inventor, Lester P. Barlow, of Philadelphia, declares offers a new and terrible means of carrying the war into Germany, is under study by the Signal Corps. Barlow calls his invention a long-distance flying torpedo.

"With this weapon," he said, "we could blast the German empire to pieces, drive the populace from German cities and munition centers, stop all industries in Germany, intimidate the people and cause them to flee from industrial centers."

The inventor said he planned to build the torpedoes to carry 1,500 pounds of trinitrotoluol, the highest explosive known to modern warfare, and hurl them 500 miles through the air to destroy whole cities.

"At present," he said, "no defense known could stop the torpedoes, as they would be launched at night by the thousands and would pass through the darkness to a distant city or other objective point and there destroy themselves and everything else in the vicinity."

BAD TASTE IN YOUR MOUTH.

When you have had a bad taste in your mouth you may know that your digestion is faulty. A dose of Chamberlain's Tablets will usually correct the disorder. They also cause a gentle movement of the bowels. You will find this to be one of the best medicines you have ever become acquainted with.

European statesmen now believe that a world Armageddon may be avoided if Wilsonian diplomacy can end the war.

Is your support of war economies confined to other folks?

OIL IS KING

A great opportunity exists to-day for the investor in oil stock. Never before has there been such a demand for oil. The Government is calling loudly to the oil operators to speed up work, and assisting in getting equipment. It will help win the war.

The Columbia Oil & Gas Co.

expects to start a drilling campaign this Spring and summer on some of its most valuable leases. Drilling rigs are now being moved to our lease in Lee county, which is located in that marvelously rich section. There is room for 15 or 20 wells on this lease, which should make the company a rich producer—and a very big dividend payer.

An opportunity is offered for a short while to buy the stock at 75 cents a share.

Write us at once and we will send you a special letter with further information.

PLAN TO MOBILIZE MOTOR MECHANICS.

All COAL DEALERS PUT UNDER LICENSE SYSTEM.

Just as the country was organized through the medical associations to furnish at the proper times the physicians for the United States as they are needed, so it is now planned to organize the country to supply the motor machines as they are needed. The details of the plan still rest in Washington, but enough has been made known here to enable the giving of a fairly complete outline.

The motor mechanics are to be secured through the automobile dealers and repair men. The National Dealers' Association is the central organization through which the Federal Government will act. In every State an accurate census will be made of all the motor mechanics. They will be organized and classified and when in the immediate or more distant future the Government needs more auto repair men, they will be called upon through the organizations.

The central plan is not to cripple any particular industry, but to apportion the quotas fairly and equitably. When men are called out it is calculated that the motor repair shops and garages engaged no men to take their places without express consent of the Government. Thus, the motor repair shops and garages may have to run on limited working forces.

American soldiers are participating in the war every day, and it is a common item in the day's news.

What will take place in Russia now; since the Bolsheviks have peace what are they going to do with it?

MODERATE MEANS AND THE BOND.

The call for a third Liberty Loan within a year comes as a challenge to the patriotism of the man of small or of moderate means, and, on the part even of conscientious people, there is a tendency to murmur, "I have done as much as I can afford to do and now the very rich must bear the burden of the war." It is obvious that by standing back for some one else to act no man ever furthered a cause. The sole question for the individual is whether he can respect himself if he neglects the call of his country. For his own domestic ethics it is irrelevant to inquire what his neighbor has done or intends to do. At the present moment, every available dollar which any man, rich or poor, can save, ought to be lent to the Government.

The average man or woman who draws a salary, ordinarily puts what he can into a Savings Bank, the great old-fashioned symbol of thrift. The Liberty Loan offers an even safer investment, with better interest assured than most savings Banks promise. You will be helping yourself if out of these last month's salary you lend the salvage to Uncle Sam. It will be for your own rainy day.

"Ah!" says the doubter, "but interest compounds in a Savings Bank. The sum grows, as I have been often told, while you sleep!" Why not watch it grow? That will be a gayer game. Each time that you cut a coupon from a Liberty Bond, put the amount into a Savings Bond. It will gratify you to watch the growth of your account, especially if you have taken enough bonds to give good returns semi-annually. It will be a comfortable thing to say some day, "The bulk of my money I have in Government Bonds, such a safe investment!"

In the years of peace which followed the Civil War, many small investors blessed their stars that they had patriotically lent to the Government in need and were reaping there from a rich reward in a good steady income. And undoubtedly now, by reason of the two former Liberty Loans of our day, many a man and woman in this land of ours, who never before had a cent laid by, has something prudently stowed away against the approach of old age.

The Third Loan offers the best opportunity in the world to increase this property. If there had already been fifteen Liberty Loans, instead of one, it would still be prudent and sensible to subscribe to the new one. Remember that the small investor does not often have the chance to acquire coupon-bearing bonds. By subscribing generously, you will show yourself a loyal servant of the nation, but, none the less, you will be an unprofitable servant and cannot count this to yourself as righteousness, for you yourself will profit in an eminently practical way by your patriotism.

NEW RULING AS TO THE RETURN OF MAIL.

"After five (or ten) days return to _____" will no longer be obeyed by the United States postal authorities unless the letter is general delivery, for a new ruling has been made that the return of mail, which cannot be delivered for lack of address or inability to locate individuals addressed, shall be returned promptly to the return card in the left-hand corner of the envelope.

The routine has formerly been to hold all letters in the general delivery department of the post office for ten days following the receipt, if the local address is incorrect and the names of the parties addressed cannot be found in the directory.

General delivery letters so marked, will, of course, continue to be held for the customary ten days, and any general letters without return card of address will be put in the general delivery section for ten days pending advertising, after which they will be held for the two weeks required by the postal laws.

The new ruling will clear the mails of much congestion. Quantities of advertising and other matter, carelessly addressed, is held in the mails for days, according to the rulings which have been in operation heretofore.

BUSY TIMES ON L. & N.

These are indeed busy days for the L. & N. people. The yardmen and train crews in the local yards are especially full of "pep" handling the long freights that pass in and out of the yards daily. The train dispatching force have all they can do, while all the other departments are equally busy.

Passing through the yards on a business mission a few days ago THE NEWS man was "stalled" several times by long freight trains, whose right of way he did not care to dispute. In an interval of waiting he was informed by one of the yard switchmen that he had seen fifteen freight trains go in and out of the yards nearly every day. Several of them were so long and heavy, although mostly "empties" that two and sometimes three, engines were required to get them through the yards. Wednesday evening one double-header train of "empties" nearly half a mile in length passed through the yards. These are surely busy days for the L. & N.!

OVERSUBSCRIBED.

The issue of \$500,000,000 of United States Treasury certificates, the subscription to which closed March 5, was oversubscribed, the subscription in every district, except one, exceeding the quota assigned it.

The banks of the country in the past two Liberty Loan campaigns and in purchase of Treasury certificates issued before the loans responded to the demands of the country with inspiring loyalty and liberality. The faith they showed in the Government finances and the patriotic responses they give to the calls of the Treasury are certain indications that their co-operation and assistance will help to insure the success of the Third Liberty Loan.

Many a man loses his own opportunity by looking out for a chance to thwart the opportunity of another man.

APRIL 1 LAST DAY FOR FEDERAL RETURNS

Penalties for Income Dodgers Are Severe—Get Your Return in if You Are Liable.

April 1, 1918, is the final day allowed under the federal income tax law for the filing of federal income tax returns. Persons who are required to file returns under the provisions of law and who fail to get their returns in on time are subject to severe penalties, as follows:

For making false or fraudulent return, not exceeding \$2,000 or not exceeding one year's imprisonment, or both, in the discretion of the court, and, in addition, 100 per cent. of the tax evaded.

For failing to make return on time, not less than \$20 nor more than \$1,000, and, in addition, 50 per cent. of the amount of tax due.

If on account of illness or absence from home you are unable to render your return within the time prescribed by law you may obtain an extension of 30 days if a request therefor is filed with the collector of your district before the due date of the return. In this request you must state the reason why the return cannot be filed within the time prescribed by law.

Collectors of internal revenue are not authorized to grant extensions of more than 30 days, but the commissioner of internal revenue has authority to grant a reasonable extension beyond 30 days in meritorious cases.

If you desire an extension of more than 30 days your request should be addressed to the commissioner and should contain a detailed statement covering the reasons which make it impossible for you to file your return on or before April 1.

The internal revenue men are now completing their tour of the country, during which they were in touch with the people of every city and town. If you failed to get in touch with the deputy which visited your section it is not too late to get advice. Consult your postmaster as to where the nearest deputy is now. Get your blank form, study the directions and the requirements as shown thereon and make your return without fail if your income was sufficient to come within the bounds named in the law.

It is pointed out by Commissioner Roper that it is important that the people comply with the federal laws as fully as they are complying with the drafts for men and the conservation of foods and fuel. "The war must be paid for," says Commissioner Roper. "Congress has as much right to conscript a just portion of income as it has to conscript our boys. The tax for 1917 is designed to reach moderate as well as large incomes, so that all persons who are in financial position to bear a portion of the heavy government expenses can be assessed in proportion to their ability to pay."

"The man who is barely making a living or barely supporting a family is not affected by the 1917 law. But the man who is able to bear a share of the burden has been reached by the new law, and he should accept his responsibility in the same patriotic spirit that our young men have shown in offering themselves for this great purpose of the country to make the world safe for people of all kinds to live in and to govern themselves."

This tax is one which recognizes women as on an equal basis with men. The unmarried woman or the married woman with a salary must make tax return just the same as any man. Only the woman supporting her mother or other members of her family may take out \$2,000 exemption.

Under the law the head of the family is the one whose earning power contributes to the family's support.

Similarly a widow with small children to support can take out \$2,000 exemption and \$200 additional exemption for each of her children under eighteen. Thus it is intended that the law shall work no hardship to women having to struggle to get along. But each must file return if her income is \$1,000.

A man whose wife dies and who is left with small children to support upon a moderate income may also take full exemption under the new tax law and also claim \$200 exemption for each of his children under eighteen.

The widower under the law is a single man and must make tax return accordingly. Married men need not file returns unless they are earning \$2,000 or more.

"This is as much a national obligation as the reporting for duty of a man drafted for service with the colors," says D. C. Roper, commissioner of internal revenue. "As it stands, it is much a matter of the man or woman's own conscience. It is for him or for her to determine just how far he is liable to the tax. He must figure his own income and if it reaches the figures named in the law must make faithful report upon it to the proper authority."

"This tax is distinctly a war measure and will be in effect during the war."

"This is a people's tax—it reaches right down into the pockets of the small wage earner; it makes him a partner in the job of winning the war."

Many a man loses his own opportunity by looking out for a chance to thwart the opportunity of another man.

Peace may be far; it may be near; you never can tell, and remember, the Russian revolution was a surprise.

CARE ASKED IN ADDRESSING MAIL TO SOLDIERS.

The American postal services in France have asked the Postoffice Department to urge relatives of Americans to exercise care in directing mail to the troops abroad. Rank and title should be used instead of "Mr." Given names should be written in full. Return addresses should be given and ink should always be used. It is explained that lead pencil writing often becomes illegible in transit.

WHAT A STAMP A DAY MEANS.

The person who buys a Thrift Stamp each day for every day of 1918, will spend \$91.25, which is the equivalent of twenty-two War Savings Stamps, with a maturity value of \$5. The government thus will pay the "Thrift-Stamp-a-Day" man or woman \$110 in January, 1918, and in addition, from his 1918 savings, the person so investing will have for good measure thirteen Thrift Stamps.

MATRIMONIAL.

Mr. and Mrs. Horace M. Collins announce the engagement of their daughter, Corinne Elizabeth, to Mr. Brinch Meinertz, of Copenhagen, Denmark. The wedding will be a quiet event early in April.

MCCORD—GUTHRIE.

The marriage of Miss Ethel McCord, of Nicholas county, to Mr. Ollie Guthrie, of this county, was celebrated recently in Carlisle. The bride is a daughter of Mr. Mason McCord, of Nicholasville. The groom is a young farmer of this county. They will reside at the home of the groom near Little Rock.

BIRTHS.

To the wife of Mr. William Meister, near Hutchison, formerly Miss Elizabeth Deming, of Lexington, a daughter.

At Cincinnati, to the wife of Mr. C. C. Hadden, of near Paris, a daughter. Mrs. Hadden was formerly Miss Dannie Evans, of North Middletown.

seventy-seven, widow of Martin Frederickson, died at the home of her daughter, Mrs. P. A. McGovern, in Lexington, Friday. She was an aunt of Judge Denis Dundon, of Paris, and Mrs. Jere P. Sullivan, of Lexington. She is survived by two sons, one of whom, D. M. Frederickson, is a resident of this county.

Funeral took place Sunday at St. Peter's Catholic church, in Lexington. The body was brought to Paris and interred on the family lot in the Paris Catholic Cemetery, at 3:45 o'clock Sunday afternoon.

The pall-bearers were: J. P. Sullivan, E. H. McGovern, Frank Minor, Fred Esenbrock and R. J. McGuirk.

MITCHELL.

The funeral of Mrs. Elizabeth Mitchell, aged seventy-five, who died Friday evening at her home on Walker avenue, of infirmities of age, was held Sunday afternoon at 3:30 o'clock with services conducted at the grave in the Paris Cemetery by Rev. A. S. Venable, of Lexington. The pall-bearers were Lawrence VanHook, Thomas McDonald, M. F. Kenney, Dan Isgrigg, Newton Mitchell and Charles Kendall.

Mrs. Mitchell was one of the pioneer settlers of the Jackstown region, where she resided most of her life. She is survived by one daughter, Miss Mary Mitchell; one son, Mr. Albert Mitchell, and two sisters, Mrs. Nathan Goodman, of Paris, and Mrs. Robt. Whitaker, of Cynthiana.

COCKRELL.

The funeral of Mrs. Hester Penn Cockrell, aged twenty-two, who died at her home near Richmond, Friday, after a protracted illness, was held Sunday morning at ten o'clock, at the Christian church, at Waco, Madison county. The body was brought to Paris, Sunday afternoon, and interred on the family lot in the Paris Cemetery.

Mrs. Cockrell was a daughter of Mr. and Mrs. Robert L. Penn, of Bourbon county. She was married in February, 1918, to Mr. John M. Cockrell, of Madison county.

Besides her parents, she is survived by an infant daughter, and one brother, Mr. Stanley Penn. She was a granddaughter of Mr. and Mrs. Lee Penn, of the Hutchison vicinity.

GRIMES.

Following a short illness, Dr. George W. Grimes, aged fifty-seven, for many years a leading physician and business man of Carlisle, where he resided until very recently, died at his home, in Lexington, Saturday night, at 7:30 o'clock. Dr. and Mrs. Grimes moved from Carlisle to Lexington several months ago, with the view of making their home there. He is survived by his wife, Mrs. Willie Soper Grimes, and other relatives in Nicholas and Bourbon counties.

Dr. Grimes was a native of Bourbon county, and after receiving his medical diploma, practiced for a number of years at Little Rock, in this county. Later he removed to Carlisle, where he embarked in the drug business, and enlarged his practice. He was for many years a prominent figure in the business life of Carlisle, as well as in medical and social circles. He was a brother of the late Mr. John W. Grimes, who died in this city a few years ago.

After short funeral services at the home in Lexington, the body was brought to Paris, where short services were held at the grave, in the Paris Cemetery, at three o'clock. The pall-bearers were John Johnson, Dr. Hugh Johnson, James H. Minogue, James Cummins, Milton West and M. C. Clay.

RELIGIOUS.

The Peoples' Aid Society of the Presbyterian church will hold an all-day meeting to-day in the Red Cross rooms in the court house.

Archbishop Wentworth, of Winchester, conducted services at St. Peter's Episcopal church, in this city, Sunday morning.

The Christian Woman's Board of

Missions of the Clintonville Christian church observed their annual C. W. B. M. Day Sunday, with an interesting program. Rev. F. M. Tindler, pastor of the North Middletown Christian church, preached the sermon at two p.m.

Rev. J. W. Gardner, pastor of the Millersburg Methodist church, filled the pulpit at the Paris Methodist church Sunday, in the absence of the pastor, Rev. Gen. R. Combs. Rev. Combs is in San Antonio, Texas, assisting Rev. Henry H. Ratliff in a revival at the Prospect Hill Methodist church.

The evangelistic meeting which has been in progress at the Masonic Temple, conducted by Rev. E. O. Hobbs, of the Holiness faith, continues to attract large audiences. The meeting will continue until to-night, when it will come to a close. Rev. Hobbs will leave for his home in Illinois.

Rice went to Millersburg, Sunday, where he presided as moderator at a congregational meeting of the Millersburg Presbyterian church.

The Seventh annual conference of the Woman's Christian Missionary Society of the Methodist church, will convene in the First Methodist church in Lexington, to-day (Tuesday) for a tour-days session. It is expected the meeting will be attended by at least two hundred delegates and officers, as well as many noted speakers from all over the State. Miss Laura Lilleston, of Paris, is Second Vice-President of the Society, and Mrs. Oakford Hinton, of Paris, is Superintendent of the Social Service. At the opening session to-day Miss Lilleston will make a report of the Children's Work, in which she is leader. On Wednesday, Mrs. Hinton will read a report of her work as Superintendent of the Social Service. Children's night exercises will be held at the night session on Thursday, and will be in charge of Miss Lilleston.

—The evangelistic meeting which has been in progress at the Masonic Temple, conducted by Rev. E. O. Hobbs, of the Holiness faith, continues to attract large audiences. The meeting will continue until to-night, when it will come to a close. Rev. Hobbs will leave for his home in Illinois.

Service flags attesting remembrance of members of their congregations, who are either in the army camps in this country, or in active service "over there" have been placed in position in the Christian churches of Paris and North Middletown. Appropriate ceremonies accompanied
